Hi Diane,

Just wanted to check in re: Woodbrook – pls see Christine's note below. I thought we were still working the details on the compliance averaging approach?

Thanks,  
Sun

Hey Sun,

I heard that Pat Evangelista is telling OSRTI IO that they're ready to brief OLEM on Woodbrook. That doesn't seem to comport with Diane's update below. Can you please reach out to Diane to get an update? I want to make sure we're all on the same page.

Thanks!

Christine

Hi Christine,

Please see Diane's update below in the email chain re: where the region is at on Woodbrook.

They will schedule another call to discuss the path forward and use of compliance averaging, I can let you know when that is scheduled.

On the July 8 call we had, **Ex 5 Deliberative**

Hi Diane,

Thanks for the update on the status.

Yes, I would be the contact, and Matt Lambert & Mike Beuthe should also be included on the next call (I think it would be a continuation / follow-up of our July 8 call?).

Thanks,  
Sun

Hi Sun,

The Region has begun a technical review of the 2013 ROD for the Woodbrook Road Dump Site as per Peter Wright's memo. To this extent, we are initiating a Focused Feasibility Study to re-evaluate the alternatives. We are also planning on addressing Peter Wright's concerns about the risk assessment via a technical response memo. Peter Wright's memo instructed the Region to work in conjunction with OSRTI conduct this re-evaluation. We would like to discuss the path forward, in particular the question of compliance averaging, with OSRTI. Would you be the contact for OSRTI to have a call?

Thanks
Diane

Hi Diane,

Would you be able to provide an update on where the region is on the reconsideration of the ROD per Peter Wright's memo, including any next steps that include OSRTI?

Thanks,
Sun

Hi Sun,  
Can you please reach out to R2 to determine where they are with their "reconsideration" of the Woodbrook Rd ROD and identify next steps, including any for OSRTI?

Thanks!  
Christine
